

MIC/ViDe Application Profile for MPEG-7 and Dublin Core

MPEG-7 TO DUBLIN CORE MAP

	MPEG-7					Dublin Core	DCQual	ViDeQual	Term List
CreationInformation	Creation	Creator	Agent	OrganizationType; PersonType	Name PersonType; GivenName; FamilyName	Creator			
CreationInformation	Creation	Creator	Role					Role	MPEG7RoleCS
CreationInformation	Creation	Title		type="main"		Title			
CreationInformation	Creation	Title		type+alternative"		Title	Alternative		
CreationInformation	Creation	Title		type="series"		Title	Alternative	Series	
				type+"songTitle"		Title	Alternative	songTitle	
				type="albumTitle"		Title		albumTitle	
CreationInformation	Creation	Creator	Role=Publisher			Publisher			
CreationInformation	Creation	Abstract				Description	Abstract		
CreationInformation	Creation	CreationCoordinates	CreationDate			Date		Created	
CreationInformation	Classification	Release	Country						
CreationInformation	Classification	Release	Date			Date	Issued		
CreationInformation	Classification	Form				Format		Form	LC-MIFG_Form
CreationInformation	Classification	Genre				Type		Genre	LC-MIFG_Genre
CreationInformation	Classification	Language				Language			
CreationInformation	Classification	SubtitleLanguage				Language		Subtitle	
CreationInformation	Classification	ClosedCaptionLanguage				Language		ClosedCaption	
CreationInformation	Classification	Subject				Subject			
CreationInformation	Classification	Target	Market			Audience			DC-Ed
CreationInformation	RelatedMaterial	PublicationType							MIME
CreationInformation	RelatedMaterial	MaterialType							ViDe MaterialType Voc
CreationInformation	RelatedMaterial	MediaLocator				Relation			
CreationInformation	RelatedMaterial	MediaInformation							Provides info to locate the material when there is no locator

	MPEG-7					Dublin Core	DCQual	ViDeQual	Term List
MediaInformation	MediaIdentification	EntityIdentifier							Use for a work-level ("reality") identifier, such as a SAN number. Permanent "base" identifier linking all instances of a work
MediaInformation	MediaIdentification	AudioDomain	source., acquisition or use					No equivalent in DC	AudioDomainCS:
MediaInformation	MediaIdentification	VideoDomain	source., acquisition or use					No equivalent in DC	VideoDomainCS
MediaInformation	MediaIdentification	Imagedomain	source., acquisition or use					No equivalent in DC	ImageDomainCS
MediaInformation	MediaProfile	MediaInstance	MediaLocator	MediaURI		Identifier			
MediaInformation	MediaProfile	MediaFormat	Content			Type		Map to MPEG-7: sound=audio; image=image; video=image; audiovisual=image, sound	This data element is required in Dublin Core for export as MPEG 7. This data element is required in MPEG-7. Controlled voc: MPEG-7: audio, image, video, audiovisual.
MediaInformation	MediaProfile	MediaFormat	Medium			Format	Medium		MPEG7MediumCS. Do not use for files accessible via web)
MediaInformation	MediaProfile	MediaFormat	FileFormat			Format	Medium		MPEG7FileFormatCS
MediaInformation	MediaProfile	MediaFormat	System			format		System	SystemCS (PAL, SECAM, NTSC, Real, WindowsMedia, etc.
MediaInformation	MediaProfile	MediaFormat	FileSize			Format		FileSize	in Bytes. Needs to convert for display to KBps or Mbps
MediaInformation	MediaProfile	MediaFormat	VisualCoding	Resolution		Format		Resolution	image (resolution in dpi)
MediaInformation	MediaProfile	MediaFormat	VisualCoding	Format		Format		VisualCoding	MPEG7VisualCodingFormatCS
MediaInformation	MediaProfile	MediaFormat	VisualCoding	Format	ColorDomain	Format		ColorDomain	audiovisual;image;video binary; color; graylevel; colored. Attribute for "VisualCoding-->Format rather than a data element in its own right
MediaInformation	MediaProfile	MediaFormat	VisualCoding	Frame	Height	Format		FrameHeight	audiovisual;image;video
				Frame	Width	Format		FrameWidth	audiovisual;image;video
				Frame	Rate	Format		FrameRate	audiovisual;video (in Hz)
MediaInformation	MediaProfile		VisualCoding	BitRate				BitRate	audiovisual;video
MediaInformation	MediaProfile	MediaFormat	AudioCoding	Format		Format		AudioCoding	audio; audiovisual. MPEG7AudioCodingFormatCS
MediaInformation	MediaProfile	MediaFormat	AudioCoding	Sample	Rate	Format		AudioCodingSample	audio; audiovisual.
MediaInformation	MediaProfile	MediaFormat	AudioCoding	Presentation		Format		AudioCodingPresentation	audio;audiovisual. AudioPresentationCS
MediaTime	MediaTimePoint		0:00:00			Format	Extent		
	MediaDuration					Format	Extent		
UsageInformation	Availability	Rights				Rights
